- ✓ Result Publication
- ✓ Provide Marksheets & Certificate
- ✓ Enrolments Helpdesk Services
- ✓ Alerts through SMS and Mobile Application
- ✓ Chatbots
- ✓ Library Management System
- ✓ E-learning powered with Digital Studio
- ✓ AI/ML based Application
- ✓ Digitization of record
- ✓ OMR
- ✓ E-Office
- ✓ HRMS
- ✓ Account Management System [AMS]
- ✓ Pension management System [PMS]
- ✓ Hostel Management System
- ✓ Mess Management System
- ✓ Sports Management System

STUDENT MANAGEMENT SYSTEM

Our ERP solutions can help streamline the daunting task of managing student information and allied administrative task. NRT's solutions encompass the following services.

- **CENTRALIZED ADMISSION FOR COLLEGES**
- **ONLINE APPLICATION FORMS**
- **MERIT BASED COLLEGE & COURSE ALLOTMENT**
- **VERIFICATION & APPROVAL OF ADMISSION FROM COLLEGE**
- **LIVE DASHBOARDS & REPORTS**
- **REGISTRATION OF NEW ENROLMENTS**
- **HELPDESK SERVICES**
- **ALERTS THROUGH SMS AND MOBILE APP**
- **CHAT BOTS & GRIEVANCE REDRESSAL**
- **ASSISTANCE IN TRAINING AND PLACEMENTS**

With the increasing role of technology in education, NRT's solutions are particularly beneficial in successfully managing the student's life cycle.

ONSCREEN MARKING TECHNOLOGY

Presents a significant advantage over conventional paper based evaluation. It involves converting paper based assessments into digital form and using specialized software to mark them electronically.

This nifty technology:

Allows text to be highlighted

Allows markers to annotate assessments

Facilitates adding of comments

**Ensures consistency and accuracy
in grading assessments**

Expedites result declaration

Facilitates sharing of assessment data

Provides real-time feedback to students

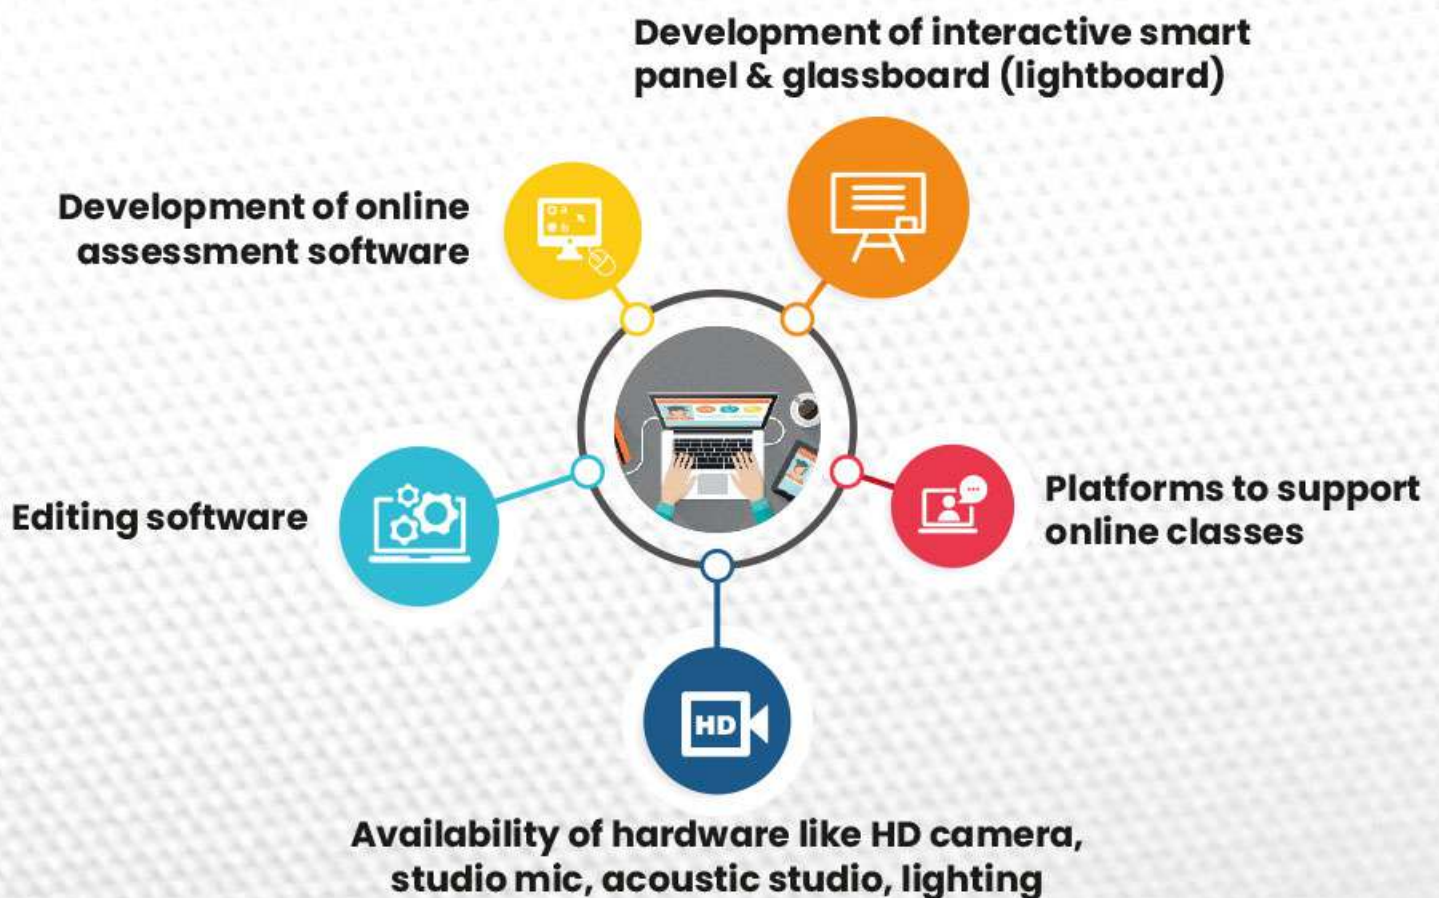

**Increases efficiency & reduces
manual errors**

E-LEARNING POWERED WITH DIGITAL STUDIO

Managing digital learning can be a complex process, requiring coordination across multiple systems and platforms. NRT leverages technology to create digital studios which are technology enabled spaces that let teachers create, edit, stream and distribute digital learning content such as videos, podcasts, multimedia presentations and much more.

AUTOMATING DIGITAL LEARNING HAS NUMEROUS BENEFITS SUCH AS:

ESTATE MANAGEMENT

NRT can help in estate management by providing an integrated system that improves efficiency and transparency in managing hostels, guest houses & stadiums.

HOSTEL MANAGEMENT

(Hostel admissions & fees, room allotment, mess bill payment, stock inventory)

GUEST HOUSE MANAGEMENT

(Tracking bookings, monitoring check-ins & checkouts, payments)

STADIUM & SPORTS MANAGEMENT

(Event bookings, performance at events)

LIBRARY MANAGEMENT SYSTEM

ERP solutions are a godsend to manage complex operations of libraries. NRT's comprehensive solutions can help reduce the workload of library staff and enable excellent service to library users.

CATALOGUING & CATEGORIZATION OF LIBRARY BOOKS

ONLINE PUBLIC ACCESS CATALOGUE (OPAC) SEARCH

CREATION OF INTERFACES TO ISSUE AND RETURN BOOKS

TRACKING OVERDUE BOOK RETURNS

SEARCHING BOOK AVAILABILITY

BOOK DATA VERIFICATION

COLLECTION OF FINES

DIGITIZATION OF RECORDS

We understand the importance of digitizing records for easy accessibility, longevity, increased efficiency and secure storage of data.

Here's how NRT digitizes records:

**DATA CAPTURE FROM
VARIOUS SOURCES**

**SCANNING OF
DOCUMENTS**

**DATA INTERPRETATION &
STORAGE OF DIGITIZED
RECORDS**

**(AI)ARTIFICIAL INTELLIGENCE /
(ML)MACHINE LEARNING
BASED APPLICATIONS**

AI & ML are invaluable tools that can help educational institutions streamline multiple processes and save time and resources. Apps powered by AI & ML can be used to:

Recognize & convert handwritten text in digital data for improved readability & longevity

Recognize handwriting to prevent impersonation

Prevent cheating during exams by facial recognition, tracking eye movements, detecting change of browser tabs etc.

Analyse data to monitor student performance & improve outcomes

Safeguard student data and privacy

E-OFFICE

Improve efficiency and productivity with an e-office – a clutter free, paperless, modern, eco-friendly and technology powered workplace. An e-office with cutting edge technology presents unbeatable advantages:

**REDUCES THE USE OF
PAPER TO A BARE MINIMUM**

**GREATLY FACILITATES
FILE TRACKING**

**ENVIRONMENT
FRIENDLY**

**ENABLES DIGITAL
FILE NOTINGS**

**MAINTAINS DOCUMENTS
ELECTRONICALLY &
ELIMINATES CLUTTER**

HELP DESK SERVICES

Use of technology invariably throws up certain technical challenges. Paradoxically, tech itself can resolve these challenges and ensure smooth operations and communication through remote and 24/7 help desk support. There are numerous benefits of having a digital help desk:

HARNESSES CLOUD CALLING TECHNOLOGY & TOLL FREE NUMBERS

SENDING BULK SMS FOR VARIOUS ANNOUNCEMENTS

CHATBOTS TO RESPOND TO ROUTINE QUERIES

COMPILING FAQs

IMPROVED USER/CUSTOMER SATISFACTION DUE TO TIMELY SUPPORT

VALUABLE INSIGHTS INTO CUSTOMER INTERACTIONS

DATA MINING

BEST-IN-CLASS TECHNOLOGY USED

TECHNOLOGY STACK
